

MR INDUSTRIES

COMPANY
PROFILE

Manufacturer & Exporter of
Knitted Fabric and Fashion Apparel

ABOUT US

Established in 1987, M.R. Industries has become a symbol of excellence in fashion apparel manufacturing.

VISION

To lead globally in sustainable, innovative fabric and apparel manufacturing.

MISSION

Deliver high-quality products through sustainable innovation, technology, and customer focus.

**UNMATCHED
QUALITY**

We deliver unmatched quality using modern technology, expert teams and strict inspection systems.

WHAT WE THINK

We believe in innovation, sustainability, quality and customer satisfaction above all else.

Processing Unit

Stitching Unit

Stitching Unit

Stitching Unit

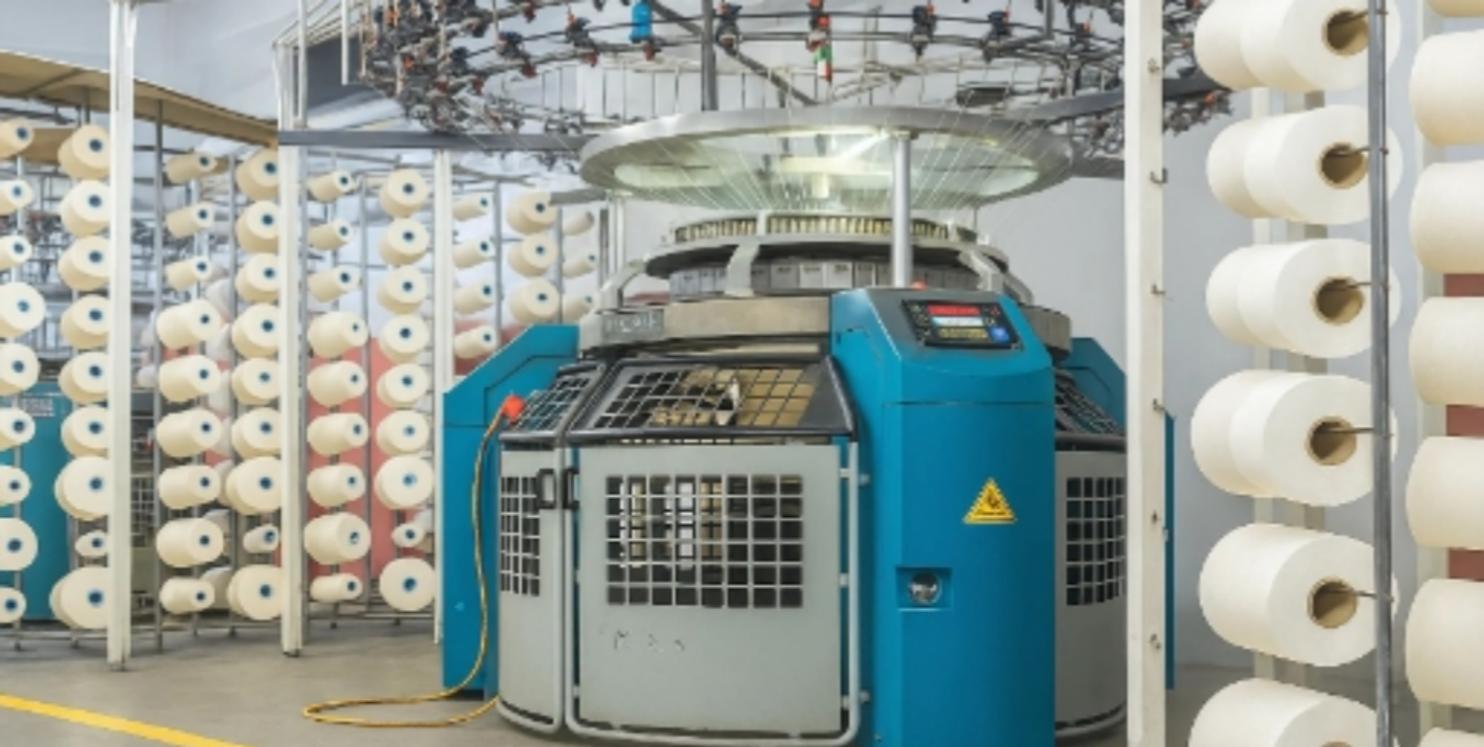

**ADD TO
PACK UNIT**

Pack unit operations such as Dyeing, Processing, Stitching, Knitting are always well organized.

MANUFACTURING CAPACITY

We produce 600,000 pieces monthly using modern machines, skilled labor and efficient manufacturing processes.

KNITTING

Advanced knitting technology produces premium quality fabric with strength, flexibility and perfect texture control.

R&D LAB

Our R&D Lab innovates fabrics for performance, quality and fashion excellence.

DYEING

Eco-friendly dyeing units ensure lasting colors with low impact, processing up to 1 million kgs monthly.

SCREEN PRINTING

High-quality screen printing delivers sharp, durable designs with vibrant and lasting colors.

ROTARY PRINTING

Efficient rotary printing ensures continuous patterns with high speed, precision, and eco-friendly processes.

GARMENT WASHING

Our washing process enhances fabric character, softness and finish through innovative, water-saving techniques.

EMBROIDERY

Our Embroidery Unit adds fine stitching, elegant detail and customized design to garments.

STITCHING

Skilled stitching teams ensure precision, durability and high garment quality.

GARMENT EXPORT

Global export network ensures timely delivery of quality garments to top international fashion markets.

WORKPLACE ENVIRONMENT

We foster a safe, inclusive, and growth-driven workplace for all our employees.
